

The
Landmark Society
of Western New York

December 22, 1999

Dr. and Mrs. Martin G. Wolfish
3900 Yonge Street, #706
Toronto, Ontario M4N 3N6, Canada

Dear Mr. and Mrs. Wolfish,

Thank you so much for the materials and disc concerning the Cobblestone Survey that you sent to the Landmark Society. We so very much appreciate all of your efforts in this monumental project! Your materials have been added to our research files on "Cobblestone Architecture."

I have also sent copies of your letter and list to the Cobblestone Society in Childs, Orleans County, New York, as well as the Robert Englert at the New York State Office of Historic Preservation in Albany. Both of these organizations know of your project and thoroughly appreciate the up-dated information that you have compiled.

Again, our most sincere thanks for the hard work and countless hours you both have dedicated to this important project. Best wishes for a happy and healthy New Year!

Sincerely,

Cynthia Howk,
Architectural
Research Coordinator
