

COLLECTIBLE COBBLESTONE

A masterpiece of masonry offering the charm of yesteryear and today's conveniences, this 1845 gem shines in its perfect 6+ acre setting. Stone walls frame marvellous architectural detail which comes to life with exciting renovation.

Enter through an open porch to a spacious foyer with large guest closet. To the left find the living room with built-in shelves and cabinetry and expansive windows; to the right a formal dining room with newer cherry flooring, gracious bay window overlooking the arbor, and fireplace. The kitchen features abundant cabinetry. A small office and laundry complete the living area.

The first-floor sleeping wing has two good-sized bedrooms and a full bath, and closets galore. Upstairs is a large master bedroom with two closets and full bath.

A full basement would make a perfect recreation room. An attached two-car garage and cobblestone smoke house (one of two in Monroe County!) finish this property.
