

55.- ISAAC NORRISON HOUSE

Formerly a blacksmith shop, this house on Marion's North Main Street now owned and occupied by Mrs. Nevada Viele was once owned by Mr. Henry Allen. The corner stones are different from those of any other house yet seen.

STONES: Red lakestones constitute the facing for the front wall.

They measure $1\frac{1}{2}$ - $2\frac{1}{2}$ x 3 inches.

JOINTS: Pyramids were used as vertical joints and a 1 inch V as the horizontal. A course is 3 inches.

QUOINS: Rough cut limestone makes up the unusual quoins.

LINTELS: Lintels are tooled limestone.

SIDE : Larger, all colored lakestones are found at the sides.

Quoins on house of Isaac Morrison
on North Main Street in the Village
of Marion.
