Dear Mr. Shelgren

In the letter and material of which you sent to my friend Mrs. Rinedollar I was very interested, in the contents.

First of All my grandparent & five Generations lived in a Cobblestone house in Roscoe twp. and I live  $\frac{1}{2}$  mile from another one. These I will have to get the abstracts to have correct data, memory isn't best, so after the holidays I will check on them.

The enclosed data is one in Beloit, that Mrs. Rinedollar asked me to send you. Now- can I get you to send me a copy of the Newspaper <sup>supplement</sup> ~~in Albion~~ <sup>the heritage of Cobblestone</sup>. In it is a Wm. Babbitt, and my husbands GR. Grandfather was a Wm. Babbitt. I have searched for data on that family. His maternal Grandfather was a Jenks, so being a Genealogist, I of course raised hopes.

Also - my only living cousin on my Bates family line lives in Albion, N.Y. and the Ances. are buried there. Cynthia Sheeler (Mrs. Francis) Perhaps you know them? Also do you by chance, have any literature of early Albion? Enclosed are few stamps, hoping you have a copy 1966 Supplement. Thanking you kindly.

Sincerely,

*Eliza Moore Nichols*

P.S. I have never been to Albion, so any data I'd be glad to have.
