

## BACKWARD GLANCE

**The post card of the Morgan Monument is from the collection of James R. Owen of Batavia. Anti-Masonic groups erected the monument to William Morgan in 1882 which still stands in the Batavia Cemetery on Harvester Ave. and is easily seen from the street. There are many books, historical articles and History Channel T.V. shows about Capt. Morgan. Some books are fictional and others nonfictional. A few of the books can be found at Holland Land Office in Batavia. The postcard is dated 1915.**
