

The marker at Murray

6-8-01

The two illustrations with this article show the historic marker at the intersection of Routes 104 and 237 at Murray.

This bronze marker mounted on a local mill stone contains extensive data.

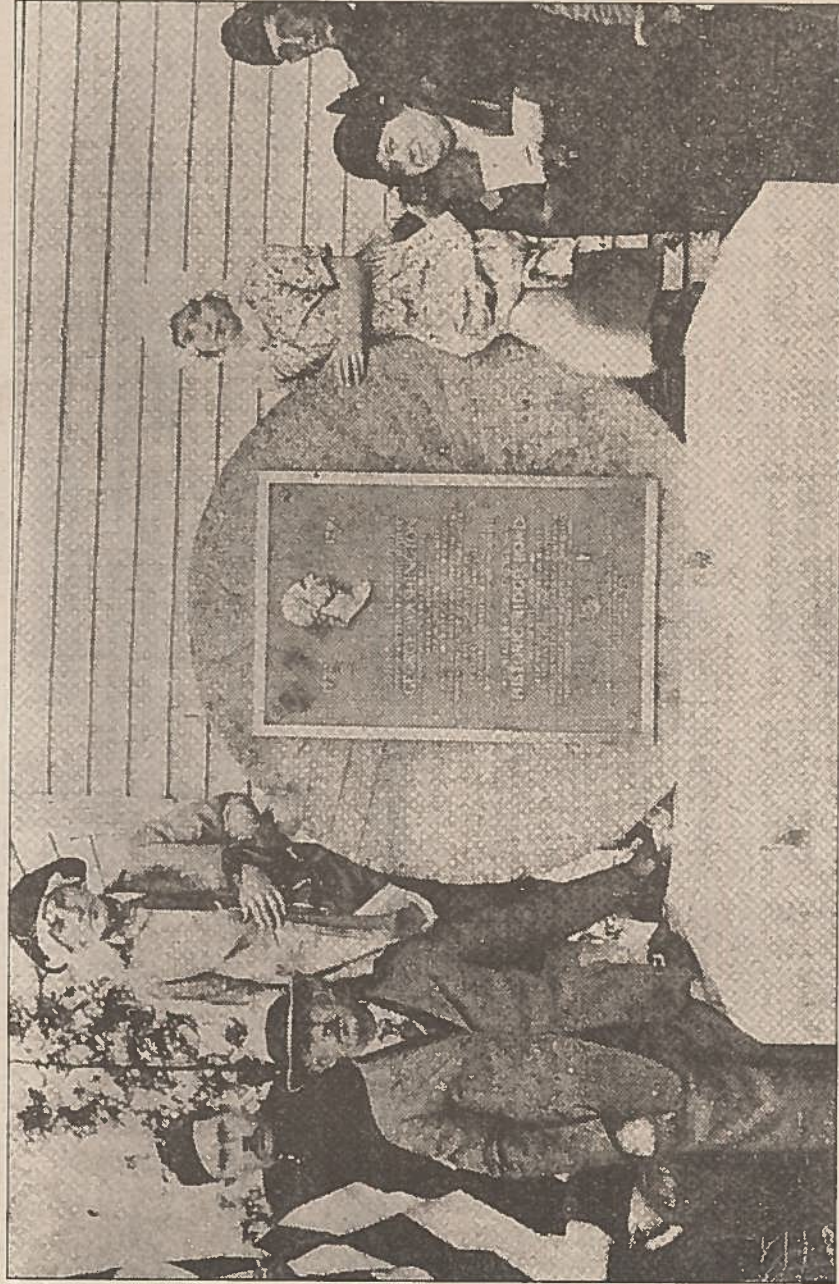

It was erected in celebration of the 200th anniversary of George

Washington's birth.

The photo was taken on Oct. 12, 1932 when the marker was dedicated. Pictured with it are:

Eben Copp, Roy Downey, Mildred Downey, Katherine Rowley and two members of the Jewell Buckman American Legion Post in Holley.

These are only two illustrations in a new booklet "Historic Markers" which is available for \$7 at local libraries, Chamber of Commerce offices, Cobblestone Museum, Watt Fruit Company and the Book Shoppe in Medina.
