

Prehistoric finds displayed at Swan Library

By Bill Lattin, Orleans County Historian

In this news photo from about 50 years ago, Stanley Vanderlaan, left, and J. Howard Pratt show artifacts to an unidentified man at right.

Mr. Vanderlaan has been digging in historic sites for many years finding prehistoric and early pioneer items. Mr. Pratt was historian for the Town of Gaines for more than 30 years.

This picture was taken as a result of a history program at the Swan Library.
