FAIR PHOTOS FIFTY YEARS AGO

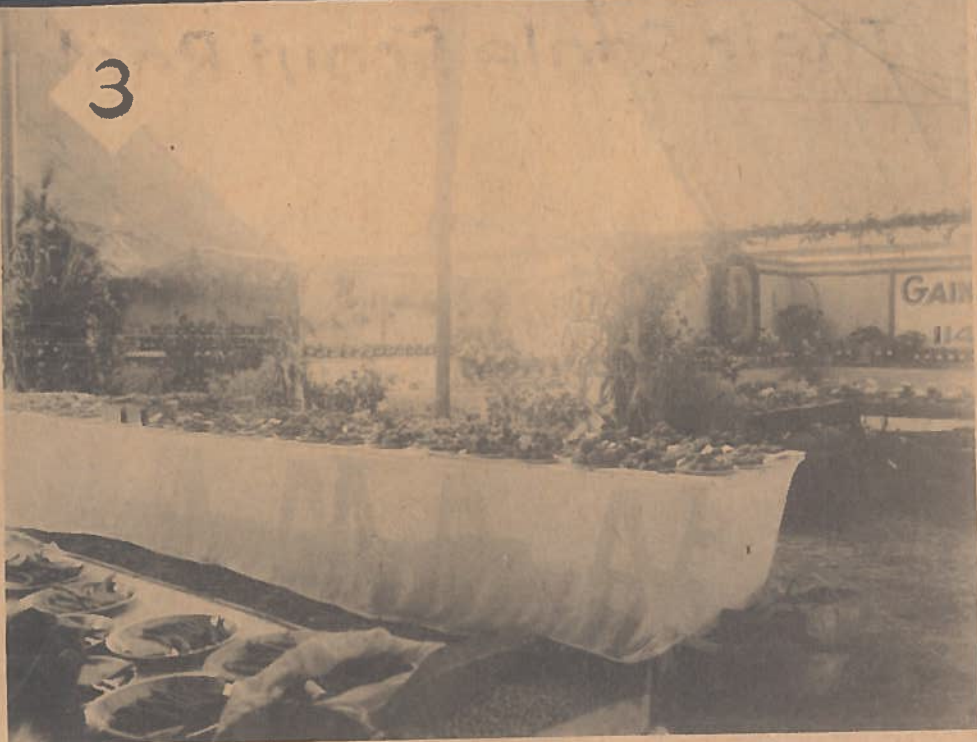

8-3-83

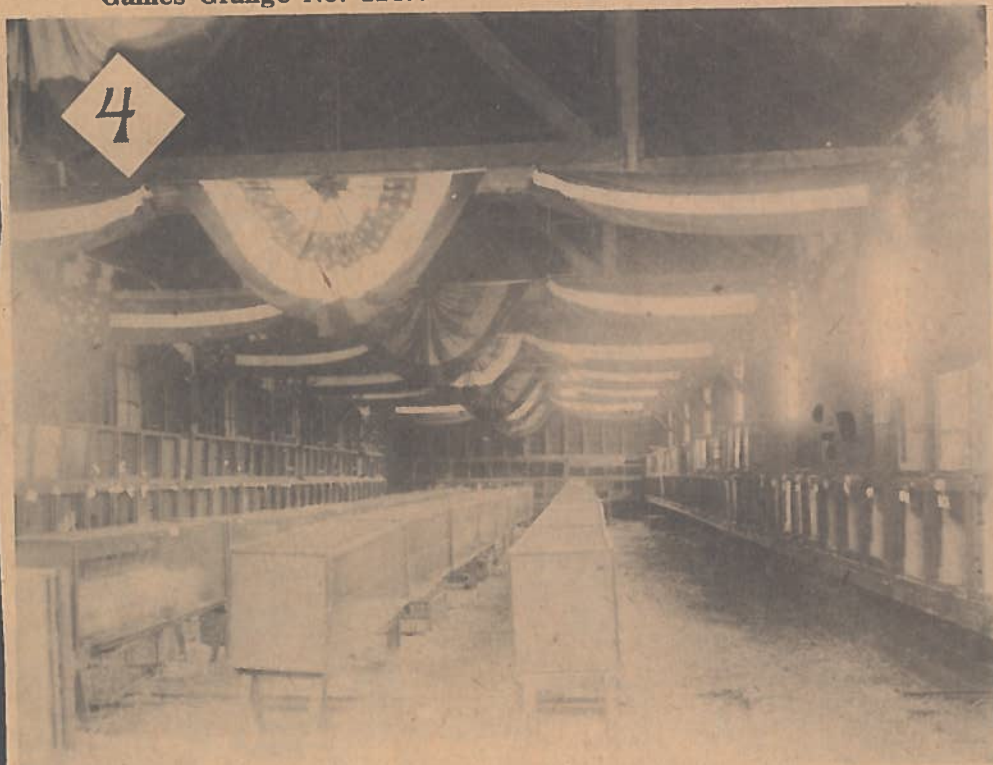

1. Here we see in the early 1930's a truck parked on East Bank Street in Albion which was advertising the Orleans County Fair.

2. Fifty years ago J.B. Merrill & Son were not only funeral directors but also operated a furniture store in Albion. This was a commercial display of their furniture at the Fair then.

3. Numerous varieties of produce filled this tent by county-wide exhibitors. Two displays seen here include Murray Grange No. 1292 and Gaines Grange No. 1147.

4. The poultry building on the old fair grounds appears to have been decked with banners and bunting amid the "squawks" and "crows" of its displays fifty years ago.
